

## What is RSPA?

**RSPA** stands for Retail Solutions Providers Association. We are the only association dedicated to the retail technology industry. Our members are resellers, distributors, hardware manufacturers, software developers, consultants and service providers who bring retail technology solutions to the marketplace.

## RSPA History

RSPA has been in existence for over 50 years. We began as the ICRDA (Independent Cash Register Dealers Association) and later merged with the SDA (Systems Dealer Association), creating a new association known as RSPA. The organization had always been a trade association dedicated to the point of sale industry with membership exclusively made up of POS dealers. Today, the RSPA has transitioned to an industry association including all share holders of retail technology, POS, and beyond.
